

The 12 February 1920 Blida earthquake

A033¹, Friday 13 February 1920 – La terre tremble – Deux secousses sismiques à Blida. Blida, 12 février – Ce matin, à dix heures trente, deux secousse sismiques ont été ressenties à quelques secondes d'intervalle.

Note : This earthquake was recorded at 10:19:33 at the Bouzaréha Observatory. According to the AIPGS by Hée (1920), the epicenter is located at Hakou Feraoun. The author did not mention Blida. Unfortunately, we don't know where Hakou Feraoun is located and didn't succeed to find his new name in independent Algeria.
